The screenshot shows an IDE window with the following components:

- Menu Bar:** File, Edit, View, Navigate, Code, Analyze, Refactor, Build, Run, Tools, VCS, Window, Help.
- Toolbar:** Includes icons for file operations (save, open, delete), navigation (back, forward), and execution (run, debug, stop).
- Breadcrumb:** tugas4 > src > OOP > Main > main.
- Project Explorer:** Shows the project structure with 'Main.java' selected.
- Code Editor:** Contains the following Java code:

```
1 package oop;  
2  
3 public class Main {  
4  
5     public static void main(String[] args) {  
6  
7         int i = 1, hasil;  
8  
9         System.out.println("Perkalian 9");  
10        do {  
11            hasil = i * 9;  
12            System.out.println(i + " * " + 9 + " = " + hasil );  
13            i++;  
14        }  
15        while (i <= 10);  
16    }  
17 }  
18
```
- Bottom Panel:** Includes tabs for 'TODO', 'Problems', 'Terminal', and 'Build'. A status bar at the bottom indicates 'Build completed successfully in 10 sec, 858 ms (3 minutes ago)'.
- Taskbar:** Shows standard Windows taskbar icons including the Start button, search, and various open applications.

The screenshot shows a Java IDE's Run console window. The title bar indicates the process is running. The command line shows the execution of `java.exe` with a `-javaagent` option. The program's output is displayed in the console, showing the title "Perkalian 9" followed by ten lines of multiplication results. The console also indicates that the process finished successfully with an exit code of 0.

```
Run: Main x
"C:\Program Files\Java\jdk-11.0.10\bin\java.exe" "-javaagent:C:\Proce
Perkalian 9
1 * 9 = 9
2 * 9 = 18
3 * 9 = 27
4 * 9 = 36
5 * 9 = 45
6 * 9 = 54
7 * 9 = 63
8 * 9 = 72
9 * 9 = 81
10 * 9 = 90

Process finished with exit code 0
```
